

April FY2015 production update

Current report no. 7/2015

Dated May 15, 2015

The Board of Directors of Coal Energy S.A. (the "Company") hereby provides update on coal production in April FY2015. The financial year 2015 of the Company commenced on the 1st July 2014 and will end on the 30th June 2015.

With reference to the current report 13/2014 dated August 8, 2014 please note that coal production levels were adjusted given the current political and economic situation in Ukraine.

in tonnes

| | April FY2015 | April FY2014 | change % y-o-y | change in tonnes y-o-y | March FY2015 | change % m-o-m | change in tonnes m-o-m |
|------------------------------|-----------------|-----------------|----------------------|------------------------------|-----------------|----------------------|---------------------------------|
| Total coal production | 11 353 | 33 550 | -66.2% | -22 197 | 7 674 | 47.9% | 3 679 |

Production of coal from mining and waste processing segments composed 11,353 tonnes of thermal, coking and dual purpose coal.

The level of coal production in the reporting month has been significantly reduced as compared to the respective period of the previous financial year due to dangerous working conditions for employees caused by ongoing military conflict in the region. For this reason the Company provides aggregate data indicating total volume of coal produced without specification by types of coal.

The Management Board will duly update investors about the changes of production plans.
